MONEY MINDSET

The 7 Step Money Mindset Formula
That Will Help You Think & Produce
Like A Millionaire

HENRY SOLOMON

Synopsis

THE MILLIONAIRE MINDSET! Have you always wondered how the wealthy become wealthy? Have you always wondered what goes on in the mind of a millionaire? Wouldn't you want to know their thought processes, perspectives, and feelings? What sets the 3% apart from the 97%? I've always been curious to how one can achieve financial freedom. What I've found out was that it wasn't just about working hard on the task on hand. Although working hard is a part of the process of becoming successful, it's not where it starts. Where it all starts is one's mindset. Once you get your mindset cultivated to think like a millionaire or billionaire, that's when the magic happens. It's time to turn your poverty mindset into a money producing mindset! ***Free BONUS VIDEO At The End Of The Book That Will Give You An Insight of A Millionaire Mindset!*** This book is filled with valuable information that will help drastically improve your financial situation forever! Learn how to create mental resiliency and creativity! Learn the 7 steps to transform your poverty mindset into a mindset of the wealthy! And much, much more! You Deserve A Better Life NOW! Stop thinking, take ACTION and Buy This Book!

Customer Reviews

You can't just wake up one day and expect yourself to be rich. Many people think that having money will make you rich, well they can't be any more wrong! It is having the mindset of the wealthy that will make you rich. That is why many lotto winners who becomes instant millionaires loses most of their money because they don't have the proper mindset to maintain or grow their money. This book is simple and easy to understand and I recommend this book if you want the proper mindset to achieve wealth for you and your family.

Excellent book on money! This book is filled with excellent ideas and concepts! I liked the whole idea about creating mental resiliency and creativity. There is a lot here in this book that can help an individual move toward financial freedom through understanding money and the mindset required to become wealthy! This book offers a lot of action steps to move toward one's goals. In this day and age when a lot of people are suffering with poverty thoughts, this book is tremendous with the concepts discussed. I am happy recommending this book to lots of good folks I know who would like to be more financially successful!

A "manual" this is not - this book is about strategies, not tactics - it's about how to cultivate ways of thinking in order to be successful on your path to being a millionaire, which is absolutely essential. It's like Dale Carnegie said, if a bum wins the lottery he will fritter it away, but if you take everything away from a millionaire, he will build it all back up again - because he has the right mindset.

What's great about this book is that it teaches us to live our life to the fullest while trying to achieve our dreams. It emphasizes on letting go of incessantly dreaming of becoming rich and living a luxurious life. There is no harm in dreaming that you would become successful someday, what's wrong is that if you let negative thoughts such as "I'll never become rich" run your life, to the point where you are pressured to do something that's not good just to make ends meet. The author enumerated the seven money mindset you should have in order to become successful and this mindset is essential for all the people who want to achieve their life goals. The step that resonated the most with me is the sixth step, which is attitude and gratitude. We must always have a positive outlook in life and during the dire times, we should still always look at the little things that we should feel thankful for. The fact that we're still alive and that we're living a healthy life is one, and there are tons of other things that we shouldn't take for granted. And living a thankful life is also a key to success.

This is a very useful book. Excellent book on money! Start earn some money. A pretty interesting book with refreshing perspectives on the money making mindset though. Fun and easy way to change my thinking and beliefs about money.

This book has similar approach on the Law of Abundance teaching. You have to believe that the Universe has an abundance of resources to provide for what you need. That you have to create positive thought and it will result with positive action and the opposite when you create negative thoughts. It is a good idea and teaching, but this is not what I expected when I purchase this book. I was more on thinking of concrete, formulated action plan on earning money. As I browse the book, what jumps me is this; âœdetaching yourself from the poverty mindset.â • For I know for a fact that a lot of people has this mentality. Overall, I would say it is a good book to learn and change your perspective with your financial status.

I personally love this book, it helps me provide the necessary though to become wealthy. Everyone wants to be rich but others can't because of the negativity that exist in our mind. This book helps me keep my mind in consistency and I will follow and use this guide for me to achieve my goals in life. Thank you so much.

This is a very useful book. It shows me how to change my thinking to get me on a path to wealth. I never thought I could think of money this way. I think this book will take my finances to the next level.
