Dead Or Alive (Plus Bonus Digital Copy Of Dead Or Alive) (Jack Ryan Series)
Synopsis

Jack Ryan, the former president of the United States, is out of office, but not out of the loop about his brainchild, the àœCampusà • à • a highly effective, counter-terrorism organization that operates outside the Washington hierarchy. But what Ryan doesnà™t know is that his son, Jack Ryan, Jr., has joined his cousins, Brian and Dominic Caruso, at the shadowy Campus. While a highly effective analyst, young Ryan hungers for the action of a field agent. The Campus has now turned their sights on the Emir, the number one terrorist threat to western civilization. A reclusive figure and mastermind of vicious terrorist acts, the Emir has eluded capture by the worldà™s law enforcement agencies. But now à • with the help of ex-CIA agent John Clark and protÁ©gÁ© Marine Colonel Ding Chavez à • the Campus is in on the hunt. The mission: to bring the Emir in à • dead or alive.

Customer Reviews

The description has the book at 848 pages, but my copy, purchased at retail, is 950 pages. And--as with all the other Clancy books after Red October--I was the first one in line, and read it through on the first day. Harry Potter fans have their vices too, so I'm told."Dead or Alive" is in most respects exactly what you expect from Clancy--globe-trotting special agents whose names are now familiar. Exquisitely researched, down to almost mind-numbing detail on everything from internet protocols and encryption procedures, to the operation of weapons systems, and the layouts of neighborhoods half a world away.It is a terrific book, and will be embraced by Clancy fans all over. It falls somewhat
short of five stars for several reasons. Without giving away too much of the plot, I found the big
targets in "Dead or Alive" to be implausible: why not go after Chicago or LA, given the ultimate
objective to kill as many people as possible? Why target a huge South American oil refinery, when
all of East Houston will do just as well? Just me, though. But the second objection was what I
consider a glaring, and most uncharacteristic mistake by Clancy. In providing background on Iranian
army moves along the Iraqi border, he describes the Iraqi Shi’a population as a minority, and
subject to persecution by the Sunni majority. In fact, it's the other way around. 80% of Iraq is Shiite,
but Saddam Hussein was a Sunni, which is the primary reason the Sunni countries in the Middle
East—which is all the others except for Iran--almost uniformly opposed his removal. It was
unimportant to the plot, but I’m surprised that it survived what was probably double- and
triple-checking by the editors, and no doubt by Clancy himself.

I have a First Edition hardback copy of "Hunt for Red October", published by the Naval Institute
Press, which was Clancy’s first-ever book. I bought it new the day it hit the bookstore shelves in
1984. That’s how long I’ve been a fan of Tom Clancy’s. Unfortunately, for a number of years now
Clancy has chosen to go the James Patterson route of becoming a book mill using “co-authors”,
and the quality of his releases has suffered accordingly. I haven’t even bothered reading his stuff for
quite a while now. So when I saw this book that promised to bring "Together for the first time, an all
star cast of Clancy’s characters..." (from the book jacket), I snapped it up with high expectations.
I wish I’d saved my money. What a bore! First of all, the story line isn’t anything new or inventive at all.
Pretty standard fare about Islamic fanatics trying to blow things up. Been there, done that. Now,
obviously that is a current and timely theme in this day and age, but there’s nothing at all original
about the execution in this book. Vince Flynn’s Mitch Rapp does it about a hundred times better.
Far too many characters with exotic Middle Eastern names for me to keep track of without a scorecard,
and none of these jokers is at all unique or distinguishable. I’d think to myself, “Didn’t this guy get
killed off about 80 pages ago?”, then I’d go back and find out that, no, it wasn’t this guy, it was
another guy with a weird and unmemorable name and no distinguishing characteristics. They were
about as interchangeable as lug nuts. The pacing is awful; there’s never at all any buildup of tension
or excitement. It’s like watching paint dry.

My father introduced me to Tom Clancy’s novels which had kept my dad buoyed during this bout
with terminal cancer. I recall when Dad, in 1989 said, “well, I’ve read all his books, now what?” And
he was actually sad that he’d never get to read another Clancy. Well, Dad didn’t miss much on this
one. I wanted to like it. But... yech. I have suffered through this book, aiming at the wall and heaving the dastardly tome at least five times. Flat, silly, inane, political diatribe. Rants interrupted by criss-cross trips around the world to kill bad guys who are also taking trips on planes, trucks and boats and killing anyone who pilots the vehicles. Seriously, with all the blood splashed and bodies dumped, you'd think international headlines would be screaming about a world wide serial killer. Absolutely no tension or suspense. Everybody is supposed to be so savvy and crafty and "intelligent." So, why doesn't Jack Ryan (super sleuth with best friends in all the high/right places) know what his son does for a living? at the secret place he, Jack Sr., devised? Oh, come on! And yeah, Jack Jr. is soooo ready to do field work, with absolutely no training. And how does the cousin flash an FBI badge at a date and then go off to Sweden or insert-nasty-foreign-place and knife/shoot/strangle a bunch of guys? And... I could go on and on. But mostly, if I am reading a thriller, I want to be thrilled or at least intrigued. I don't want to hear how much the people who kill the bad guys hate the rest of us for going about our daily lives. Or how different political parties are ruining the country (and I'll give you 2 bits and a case of Fox News to let you guess what side is which). Not just once or twice, mind you. But spewing from every character AND even sandwiched into exposition.
