Rite Of Christian Initiation Of Adults, Study Edition: Complete Text Of The Rite Together With Additional Rites Approved For Use In The Dioceses Of The United States Of America
Synopsis

This book is the RCIA! Exactly like LTP's ritual edition in size and pagination, this study edition enables everyone involved with the RCIA to have a working copy of the entire document. With ample margins for notes, sturdy but flexible binding, clearly numbered paragraphs in the introduction and texts, this edition is for study, reflection, and preparation of liturgy. The introduction to the entire RCIA and the introduction to each of the rites express the understanding that should be the foundation of the parish catechumenate. Who should have a copy of this book? The catechumenate team, catechists, music ministers, sacristans, pastors and pastoral associates, the liturgy team, deacons, presiders, seminarians, and theology students. Published by Liturgy Training Publications.

Customer Reviews

This book is the entire text of the RCIA rites. Chapter Headings include: Period of Evangelization and precatechumenate; Election or Enrollment of Names; Period of Postbaptismal Catechesis or Mystagogy; Rites for Particular Circumstance; Additional (Combined) Rites; Acclamations, Hymns and Songs. This is not commentary and opinion on the RCIA rites, this is the rites themselves. The Foreward begins "This edition of the Rite of Christian Initiation of Adults" contains the approved English translation of the 1974 emended second printing of the "Ordo initiationis christianae adultorum" prepared by the International Commission on English in the Liturgy (ICEL) and a number of other rites and liturgical texts approved for use in the dioceses of the United States of America."So I think you get the picture -- this is probably a good book for pastors, deacons, and lay
people who are running an RCIA program. It may also be useful for those catechumenates (like myself) who are very detail-oriented and want to know the exact text of each rite, and what we are going to have to say when it comes time for our part. Unless you like reading liturgy, this book is not for the average catechumenate. To that person, it will seem extremely dry.

Our RCIA group always includes a mix of baptized, non-baptized, and Catholics who need most of their sacraments. This book gives us all the information about how to minister to each of these groups with the lovely worship rites of the Church. It’s a "must read" for every RCIA team!

The book arrived just in time for my class. The book is used so I was a little worried it might be marked up a lot. Such was not the case. I saved a lot of money and the book was everything it needed to be.

nice books i got and cheap..really cheap. It looks like slightly used but all pages are neat. I would gladly recommend to each one to buy after reading this comment something you need from .

This is just what I expected. It is a bit technical and not recommended for casual reaading but if you are a member of an RCIA team it is a wonderful reference tool. It gives precise details about the rites of initiation along with acceptable variations, options etc. Very useful.

I wish I had this book earlier in the RCIA program I attended. It actually teaches what we were supposed to learn but were not taught by the well-meaning but less than well-trained instructors.

This is a great resource for anyone involved in the RCIA process as a Catechist or leader within their parish. It explains the theology behind the rites and includes the rites themselves.

Excellent resource for those involved with teaching RCIA. Includes all the rites as well as guidance about conducting the program.
