## Synopsis

A brand-new novel in an original series from popular romance author Molly Harper! When Sadie and Josh compete for the same Kentucky Tourism Commission job, sparks fly - turns out Kentucky really is for lovers. Sadie Hutchins loves her job at the Kentucky Tourism Commission. Not only could her co-workers double as the cast of Parks and Recreation, but she loves finding the unusual sites, hidden gems, and just-plain-odd tourist attractions of her home state. She's a shoo-in for the director's job when her boss retires at the end of the year...until hotshot Josh Vaughn shows up to challenge her for the position. Josh is all sophisticated polish while Sadie's country comfort, and the two have very different ideas of what makes a good campaign. So when their boss pits them against each other in a winner-takes-all contest, they're both willing to fight dirty if it means getting what they want. But it turns out what Josh and Sadie want could be each other - and Josh's kisses are the best Kentucky attraction Sadie's found yet!

Language: English

ASIN: B00C3JRX0Q

Best Sellers Rank: #567 in Books > Audible Audiobooks > Romance > Contemporary #4513

in Books > Audible Audiobooks > Fiction & Literature #8763 in Books > Romance >

Contemporary

## Customer Reviews

I have, as of November 2013, twelve Molly Harper books on my iPod. I listen to them two or three times a year (there are some advantages to a really poor memory). I always bought the books as soon as they came out, until this one. When I read the synopsis I passed it by. Now I had an opportunity for a good deal on it and wanted something new to listen to so I picked it up. And, as you can guess from the rating, I wasn't all that impressed. It's not a bad book, but for me the characters were lacking the spark that keeps me going back to the other books. At first I thought it

might be because there is no paranormal aspect as you are used to in the Jane Jamison, Half Moon Hollow and Naked Werewolf books, but that can't be it because I like "And One Last Thing"... a lot. Maybe part of it is that with over 40 years in the workforce part of the premise struck too close to home, having a major unwelcome business surprise handed to you without warning. Not the kind that means you have to work 60 hours over the next week, the kind that leaves you bleeding on the floor without an EMT in sight. There was recovery eventually but the characters simply didn't ring true to me. There needs to be a certain lack of understanding between the protagonists but these two were beyond clueless. She was too nice, he was too unable to see more than one narrow viewpoint. He was supposed to be a marketing genius, that requires more flexibility than he shows for most of the book. And his solution was, again, not too bright. Don't talk about anything, ever, just react and let other people judge your actions by the only standard they have if you clam up: your actions. All of that said the eBook is very reasonably priced and it's not a bad book, just not up to Harper's standards, Now come the odd part.
