# Pirate (A Sam And Remi Fargo Adventure)

## Synopsis

Unstoppable husband and wife team Sam and Remi Fargo face a challenge even they may not be able to beat in the #1 New York Times-bestselling series Going on a treasure hunt. X marks the spot. It's children's rhyme for a reason. While wealth can be lost or stolen, and even found again if husband-and wife treasure-hunters Sam and Remi Fargo are on the case a long-forgotten map is just the stuff of bedtime stories. Like Long John Silver and Robin Hood. But when Sam and Remi try the unthinkable, a relaxing vacation and a visit to a rare bookstore, a very real dead body suggests what they hold in their hands is an actual, ink on paper guide to a historic fortune. When the Fargos take up the challenge, they find themselves flying from California to Arizona, from Jamaica to England. Racing against a vicious corporate raider with an unhealthy obsession for this particular treasure, Sam and Remi are slowed by a new betrayal at every turn. It can only mean one thing: someone on their team cannot be trusted. Buzzing with the chemistry and wit of Sam and Remi Fargo's chemistry and wit, Pirate reinvents the classic treasure hunt as only a Clive Cussler adventure can. From the Hardcover edition.

**\*\* WARNING: Contains spoilers! \*\***It was remarkably difficult to figure out how many stars to give. I devoured the book, as I do all of CC's books. The Fargo adventures are fun to read, and I really like the whole husband-and-wife team. They are set up as real equals and have a distinct charm about them. However, I did take issue with a few things:1) While I love the different locales, I felt the trips

to Nova Scotia and Brazil were contrived and added purely for filler. When you think about it, they added very little to the plot. There was also next to no transition - they just seemed to magically appear everywhere. One page they're in South Beach, the next they're checking into their hotel in England.2) The ending was way too abrupt for me. I get emotionally invested in these stories. Toward the end I was hoping for there to be a good 'rubbing-in' by the Fargos on Avery, Fisk, Ivan, and Jak. Instead, the bad guys just get shot and Avery's end is dealt with in a single sentence. And there was no explanation for the Fargos' declining any honors in locating the treasure. They always got it before, why not for this one?3) I realize that there wouldn't be much suspense were it otherwise, but there needs to be a better explanation for why the Fargos don't just hire Archer's outfit to provide security for the treasure hunt. They apparently have no issues packing a squad of heavily armed good guys on a boat in Brazil and then paying for continued surveillance of Larayne, so why not bring along a security detail wherever they go? Like I said, it wouldn't make for much suspense if they did, but maybe take Archer out of the picture entirely as an option to at least explain it?
