Tis: A Memoir (The Frank McCourt Memoirs)
**Synopsis**

Frank McCourt’s glorious childhood memoir, Angela’s Ashes, has been loved and celebrated by readers everywhere for its spirit, its wit and its profound humanity. A tale of redemption, in which storytelling itself is the source of salvation, it won the National Book Critics Circle Award, the Los Angeles Times Book Award and the Pulitzer Prize. Rarely has a book so swiftly found its place on the literary landscape. And now we have ‘Tis, the story of Frank’s American journey from impoverished immigrant to brilliant teacher and raconteur. Frank lands in New York at age nineteen, in the company of a priest he meets on the boat. He gets a job at the Biltmore Hotel, where he immediately encounters the vivid hierarchies of this "classless country," and then is drafted into the army and is sent to Germany to train dogs and type reports. It is Frank’s incomparable voice -- his uncanny humor and his astonishing ear for dialogue -- that renders these experiences spellbinding.

When Frank returns to America in 1953, he works on the docks, always resisting what everyone tells him, that men and women who have dreamed and toiled for years to get to America should "stick to their own kind" once they arrive. Somehow, Frank knows that he should be getting an education, and though he left school at fourteen, he talks his way into New York University. There, he falls in love with the quintessential Yankee, long-legged and blonde, and tries to live his dream. But it is not until he starts to teach -- and to write -- that Frank finds his place in the world. The same vulnerable but invincible spirit that captured the hearts of readers in Angela’s Ashes comes of age. As Malcolm Jones said in his Newsweek review of Angela’s Ashes, "It is only the best storyteller who can so beguile his readers that he leaves them wanting more when he is done...and McCourt proves himself one of the very best." Frank McCourt’s ‘Tis is one of the most eagerly awaited books of our time, and it is a masterpiece.

**Book Information**

File Size: 1019 KB
Print Length: 610 pages
Publisher: Scribner; 1st Touchstone Ed edition (September 22, 1999)
Publication Date: September 22, 1999
Sold by: Simon and Schuster Digital Sales Inc
Language: English
ASIN: B000FC0VO8
Text-to-Speech: Not enabled
X-Ray: Enabled
Angela’s Ashes was a unique accomplishment on many levels. Tis was doomed before it ever came out because it would suffer by comparison. However, this is still a great read by an interesting man who has great sensitivity to dialogue, and makes some stinging social observations with great subtlety. The books cannot be compared unless you have strong feelings about the skill the writer had, or did not have in either volume. Is the language rougher, yes, this is a man describing his life, not a child. Does he have opinions that are black and white, with little room for gray at times, yes. Part of the problem with moving from one book to the next, is that the memories of a child, and terrible memories at that, are a powerful force to draw you in, and cause one to feel great sympathy and pain for the child. Then the child becomes a man, and it’s much more difficult to carry the same empathy from the first book to the second. In fact I don’t think it is possible. If you have read neither book, read this first, and then Angela’s Ashes. The books change dramatically when you do. The harsh criticism of the man becomes infinitely more complex and difficult if you learn of the childhood that was his formative years. Most autobiographies, or biographies cover a life, not pieces of a life that in this case are still unfolding. The abrupt change from book one to book two is caused, I believe, because they are bound separately. If he had covered the same period in his life with a single book it would have been more comfortable for the reader. I am glad that he did break his life up, as Angela’s Ashes will forever remain a book that will gain the title of a "Classic".
