This book offers the reader an awesome look at the man behind Disney, Disney himself. It's insightful, interesting and informative. I really enjoyed reading the specific details of Disney's life. We can tend to forget that he was human just like us and dealt with rejection to become the giant we knew him to be. This is a delightful look at his life and family! Very well written!

WOW! This book was so interesting, learning about Walt's childhood and about him as he grew up to be a business minded man. His perseverance is so inspirational to me! It's good to put a story behind all of the magic I experience growing up. Nice work!!!

Great story about an amazing man. This book covers the great success and also the flops. Walt Disney was a great man of vision thank god he followed his heart or the world would have never had Disney. Millions and millions of happy people because of this man dream

Honestly, I had absolutely NO CLUE that Walt Disney could be such an inspiring man. True, we all know what he accomplished -vaguely-, but the way he did it is simply amazing. He struggled, he fought, and he overcame obstacles using nothing but his own will to create something beautiful. This book blew my mind away. I'd recommend it to anyone. Thanks.

Books was in excellent condition. It provided the information I need about his life.

A Great Read! I feel its my pleasure to come across such an interesting book about Walt Disney. During my childhood, I am fond of Disney movies and I have never missed a single movie. Loved

watching every movie and enjoyed to the fullest. Now, I am lucky enough to know about the life style of the person behind this wonderful creation. His entire life story is well narrated and very inspirational as well. I would recommend this to all Disney fans. Well written Read!

Got this for my daughter that's almost 11 and she loved it! Best book for her to read while on our way to Disneyland! This book allowed her to look at the parks in a different light and stop and think about the things Walt put into his dream, making our trip even more memorable and both fun and educational!

My wife is a huge Pooh fan- actually has a tattoo of him on her shoulder. She loves anything Disney and I knew I had to get this for her. She says its one of the most "informative" yet "entertaining" books about Disney that she has read. She's happy- I'm happy- know what I mean!!
