## Customer Reviews

Yes, you will enjoy this book IF you didn't have her other books. It is just previous projects from other books she has already published all put into this 'new' book. So having her other books, I was VERY disappointed to see it was the same information that was already out. I returned the book.

A little disappointed, thought there would be more landscape illustrations, and techniques. I have gotten more from her videos on Ytube.

This book is so much more than expected. Projects, landscapes, flowers all with how to do it's in easy to understand and follow directions. Just looking through the book is inspiring.

Great instructional book for technique and brush usage. Easy to follow details, hints and project ideas. Excellent for new and established painter needing a refresher.

you get something out of every one of her books and this is no exception.

I am Donna Dewberry painter; her ease of demonstrating her One Stroke painting technique is great. I learn how to paint; hold the brush correctly and paint what she demonstrates. A book to use as research purposes. Eileen Finnigan
