Absolutely the most beautiful band pieces I have ever seen. Easy, beautiful Renaissance classic Bach, 19 easy chorales. I love the format ... There are only 12 bars to the entire chorale, then on the left page there are four different quartet parts that compliment each other perfectly, on the right side there is the main soprano score written with a piano accompaniment, and at the bottom there is a duet. You can't miss, even my 9 year old and his 12 year old brother and I can easily learn these pieces ready to play under an hour. Great great book ...

My son is using it in 8th grade along with Essential Technique 2000. They both work well together and we are glad to have them.
