Customer Reviews

If you write a book you should probably know the difference between then and than. The author repeatedly says "mote point." It's moot point! Come on, you are writing a book, this is basic English 101. The grammar is atrocious. A few good tips.

Ok so I read this book in probably two to three hours... It completely helped me at work. This book is good for anyone in sales but also it has a lot of good points on helping build confidence and self worth. I recommend this book to dancers and anyone else!!

Awesome read it was great getting insight into the exotic dancing field great for women seeking great advice., read if you can

nice ,cheap ,some things to think about , good for girls starting out ,easy read , thank you for the book

It's great
