This high-quality poster book is not only great for a coffee table, but the pages are of thick enough stock to be perfect for framing. Below I'll list all the photos that are included in the book. Movie 1 Trio Movie 1 Harry in Quidditch Robes Movie 1 Hermione Raising Hand in Class Publicity Still of Hagrid and Fang Movie 2 Harry in Hallway Movie 2 Ron (Disheveled) Hermione Making Polyjuice potion Dumbledore (Michael Gambon) Peeking in Door Movie 4 Harry in Quidditch Robes Movie 3 Trio (with Scabbers) Movie 4 Hermione Publicity Still Hermione in Ball Dress (Publicity Still) Professor Sybill Trelawney Publicity Still Cedric Diggory Movie 5 Ron Sirius Black Dressed Up Professor Umbridge Neville Longbottom Lucius Malfoy Alastor "Mad-Eye" Moody Professor Severus Snape Ron in Quidditch Helmet Close Up Ron in Quidditch Uniform Harry with Books in Hallway Luna Lovegood Hermione Ginny Weasley Fred and George Weasley in Suits Remus Lupin Professor Minerva McGonagall Movie 6 Draco Malfoy Bellatrix Lestrange Movie 7 Harry on Rock with Wand Malfoy Family Ron Peering Around Building Corner Lord Voldemort Movie 8 Harry with Wand Trio in Destroyed Hogwarts Dirty Harry Highly recommended for any Potter fan. Be warned though, you'll want at least two. One to tear apart for framing and another to keep whole. Now if only there was a similar book for the Harry Potter artwork of Mary GranPrÃ©©.

This is a fairly nice book of posters. As a Potter fan, I was excited to get this, but I admit I was somewhat disappointed by it. The posters are perforated and thus can easily be removed from the book. The pages are thick paper, so they will be durable and nice enough to be suitable for display and/or framing. One gripe I have is that the posters are printed double-sided. So poster A and poster B are printed back-to-back, meaning that you can only display one of them at a time (so although there are 40 pages/images, when removed there are really only 20 posters). Image selection is fairly standard and uninspired. The book does a good job giving a variety of character shots from various years; flipping through the book you can definitely get a sense of the aging of the main characters -- there are posters from Year One all the way through the end of the series. But it's all character poses, many on grey backgrounds which do not look particularly interesting. How about the theatrical posters (which I always thought were great)? Not included. Maybe a poster of Hogwarts school? Not a chance. So suffice it to say the book leaves you wanting more when it comes to the included imagery.

First, let me say that this would make an amazing gift to any Potter fan. So if you have a kid or adult HP fan with a bday coming up and don't know what to get, this is it. They will love it. It says that it is paperback but the cover is more like cardboard and the posters are thick, high quality paper kind of like thick poster board. This is an over-sized book, coffee-table book style. My mom bought me one of these which I am going to keep but I actually bought myself another one to hang some of the pictures up. These would look awesome in frames and I wish I had the money to frame each one. Easily 5 stars. I was so impressed with this purchase--it made my week. To all Harry Potter fans: just buy it.

This was perfect! Great posters!! My middle school students were so jealous! My only complaint? I wish there was a blank poster or something in front. The binding folds over onto the first poster and you either have to deal with weird tape or cut the poster down to an odd size. Other than that, perfect.

This consists of posters that are boards (paperback is an understatement) with high quality pictures captured from movie scenes without words from all HP movies; whereas its companion the

Definitive Movie Posters consists of movie posters advertising the movie in various different written languages from all HP movies. The photos are large and beautiful. I bought another set after ordering the first set of both books. one to keep in its book form and the other in case I decide to hang any of the posters. Harry Potter fans will love these posters. I gave it five stars because I felt the beauty, cost (16.49), and quality were well worth it.

This book was bigger than I expected. The pictures are double sided and absolutely beautiful. There are pictures of Harry, Ron, Hermione, McGonagall, Snape, Dumbledore, Moody, and many others. It's really a wonderful book. The posters come out clean and are not perforated or anything. I was going to give this as a gift, but it was too awesome and I ended up keeping it. *bad fan, bad friend, bad fan* If you are a member of the HP fandom, you HAVE to have this book. You will NOT be disappointed. The only thing these pictures need is a frame and you have a professional piece of HP fandom.
