## Synopsis

On Caprona, the Land that Time Forgot, all of the world's savage past still lived. Here were dinosaurs and flying reptiles, here were the most primitive of cavemen, and the last of the Bronze Age barbarians. But there was one more secret that the claws and fangs and sharp-edged spears guarded most of all. This is the story of the man who tried to find that final secret. When Bradley, the adventurer, dared to cross the last terrible barrier to the heart of Caprona, he entered a world of wonder, terror and danger beyond the imagination of any man--except Edgar Rice Burroughs.

Out of Time's Abyss was originally published in the November 1918 issue of the pulp fiction periodical Blue Book Magazine. It is the third novel in Edgar Rice Burroughs's Caspak trilogy, following The Land That Time Forgot and The People That Time Forgot. The three volumes relate the adventures of a group of lost travelers stranded on the lost continent of Caprona, also known as Caspak, where creatures from all stages of evolution coexist side by side. Though the stories of the three books are intertwined, each novel stars a different hero. Out of Time's Abyss focuses on Bradley, one of the British sailors who arrived on the island in the first book. Although I found the first two volumes only mildly entertaining, I'm a sucker for a trilogy, so I stuck it out until the end. Unfortunately, the final novel is the least interesting of the three. Bradley is captured by a winged creature called a Wieroo, an intelligent humanoid species unique to Caspak. The Wieroo takes him

to the island of Oo-oh, where he is imprisoned within the Wieroo capital city. While in captivity, Bradley gains first-hand experience of Wieroo culture, which places the most brutal and violent killers at the apex of their social, political, and religious hierarchy. He also learns the strange mechanics of how evolution works on Caspak. The previous volumes had hinted at this mysterious secret so thoroughly that the ultimate revelation is anticlimactic. The final explanation is also terribly confusing and leaves many questions unanswered. While engineering his own escape, Bradley discovers that he is not the only human captive in the Wieroo citadel. He frees a woman prisoner named Co-Tan, and together the two seek a means of egress from the island.
