# Spanish For The Busy Teacher

Synopsis

Learn to communicate effectively with your Spanish-speaking students and their parents in just five hours! Have you always wanted to learn Spanish but never found the time or the right teacher? Are you a successful elementary or high school teacher who wants to take it to the next level by communicating well with your Spanish speaking students? Did you study Spanish in school but find yourself unable to construct even simple sentences in Spanish? This audiobook is for teachers in need of a Spanish beginners or refresher course. Regardless of the specific teaching situation you find yourself in, you will learn how to communicate with your students in their own language. Due to our unique method of teaching, you will be amazed at how much Spanish you will learn and retain in just five hours. Efficient Learning: Our breakthrough method allows you to retain most, if not all, of what you learn and immediately put it to use. The key is interactivity: Instead of making you repeat words and sentences, you are encouraged to think and apply what you learn. Using the words and concepts you learn throughout the course, you will build Spanish sentences and translate Spanish sentences into English right from the start. The course also makes use of the many similarities between English and Spanish, so you can associate new Spanish words with English words you already know. Relevance: You'll learn relevant words and sentences that you can put to use immediately. This will allow you to reinforce what you've learned through real-life practice and motivate you to complete the course. Speed: This course only takes about five hours to complete. Many people buy expensive Spanish courses and never find the time to complete the course. But you should be able to find five hours. Even if you only study for half an hour each day, you'll be done in a little less than a week!
